♦ COVER: an ABNCo "sample" (?) sheet of five Brazil revenue stamps and two "coupons" is offered as an SCCS tribute to the 150th Anniversary of the first stamps—the "Olhos-de-Boi" ("Bull's Eyes")—of Brazil, the second country in the world to issue postage stamps, the first in the Western Hemisphere, on 1 August 1843. I have two copies of this sheet, which I previously illustrated in *The Essay Proof Journal* (Spring, 1983, Vol.40, No.2, No. 158, pp. 86-87), one in blue-violet on white, the other yellow-orange on white. Curiously, the sheets are gummed. Perhaps it was intended to mount them on card stock (?). More of ABNCo's handiwork with regard to Brazil is illustrated on the inside of the back cover (p. C3). This collage is similar to those offered in the incredible collection of ABNCo Archives proofs auctioned by Christie's Robson Lowe, New York, on 28 September 1988.

♦ The latest news is that a special Mississippi Basin Souvenir Card is in preparation by employees of the Bureau of Engraving and Printing to benefit victims of the 1993 flood. The card reportedly will include a vignette of the Eads Bridge which spans the river at St. Louis and is pictured on the \$2 Trans-Mississippi commemorative of 1898 (Scott No. 293), and a vignette of a Southern Freight Steamer used on a farm loan bond. Details for the card, which will be available from the BEP (\$10 or \$12.50 by mail) are being arranged by the American Numismatic Association. No release date is known—probably mid-September—but I suspect that more than normal news exposure will be given to this issue based on its purpose.

♦ It also appears that the Bureau is embarking on printing silk handkerchiefs again. Due out in January 1994 in connection with a Washington, DC, antiques show will be their first effort. This Journal has previous articles on this aspect of BEP printing and Milt Friedberg (SCCS 134) suggests more are on the way soon.

♦ An article in the Sunday, 30 April 1972, issue of *The New York Times* reported that the BEP was offering extras of the frontispiece from the book *History of the Bureau of Engraving and Printing, 1862-1962*, published in 1965, which pictures the four "homes" of the Bureau (FB 1962 B) to the public "one to a customer" at \$1.35 each! Sorry, that was 1972!

♦ Speaking of the BEP, Bob Hallett (SCCS 1466) has come up with a BEP engraving-related contest (see below and p. 22). I am going to add to the fun (?) by including the prints where they will fit. They will all be numbered, but you will have to find them in the pages of this (and future copies of the Journal). I will eventually include a submittal form with all appropriate information. In the meantime, good hunting, both here and in your local library!

No. 1

♦ This fall's ASDA Mega show has been relocated from the Jacob K. Javits Convention Center and returned to Madison Square Garden in a reportedly "upgraded space." The show has also been shortened by a day, opening on the 28th not the 27th as originally scheduled (and, I believe as will be indicated on the ABNCo card(s) which were printed before the change was announced). There is also some question of the BEP's involvement—apparently not wishing to have two spider presses at the same site. Their first card for the new fiscal year, intended for this show, has been deleted from their new subscription service (see pp. 12 & 48, note 7), and "will be offered separately."

Why the move? \$\$ It seems that the USPS has withdrawn or scaled back its support for stamp hobby events. ASDA indicated that it would need 20-30 more dealers to make up for the lack of USPS support to make it viable to stay at Javits. Ironically, the fees will be higher at the Garden because the ASDA lost its discount by not continuing the show there. Other than the location on top of the train station, the appearance of the Garden will never, in my opinion, compete with Javits. I can only hope the anticipated "improvements" will make it more palatable. ASDA also announced that it will hold a show at New York's Sheraton Center, 24-27 February 1994. I do not know if this is in addition to or reschedule of the Mega.

Hi! I am pleased and honored to be your new president and look forward to performing the duties and responsibilities that go with the office. I was reluctant to take on the position of President and would have been quite satisfied to continue with my other duties as Treasurer and card cataloguer. However, no one was willing to step forward and assume this position. Since Curt announced his desire to step down after 13 years, I have been effectively running the day to day business of the Society. I can't do three jobs!

At present, I am still the treasurer. Our Editor, **Bill Kriebel** has volunteered to help with the cataloguing of cards until someone else offers to take on the task. Someone with a computer can handle this position without too much difficulty. This Society has 500 members and it is not fair to leave the work to only a few.

This Society would not function without the dedicated work of **Dana Marr**, our Secretary. Every dues payment, back issue of the Journal and general inquiry goes through him and he is the most valuable member of our Society. Accolades must also go to **Ken Barr** as our Auction Chairman and **Bill Kriebel** as Editor.

Michael Bean is another important member, but unfortunately refuses to take a Board position. Mike designed and printed both of the cards we distributed at the ANA show and he also designs and prints many cards issued by other organizations which ultimately promote and enhance our hobby.

I have assembled a team of new officers who I can proudly say are all personal friends of mine. I made these friendships through my participation in the activities of our Society and met these individuals through our various annual meetings and participation at numismatic and philatelic events.

John Parker has been elected our new Vice President. You may have met him at any of the numismatic shows where our Society has had a presence. I have assigned John the duties and additional title of Show Chairman. He has been coordinating and supervising our presence at several shows for the last couple of years and now he has the title with the responsibility.

John is also the founder and President of the Currency and Engraving Society of Atlanta, Georgia, and he has exhibited Souvenir Card material at the last few ANA, IPMS, and FUN shows. I look forward to his assistance in making our Society more member friendly.

Robert Hallet has been elected our new Publicity Chairman which is a function that he has been performing for the Washington Chapter. Bob is also our liaison to the Plate Printers as well as informing us about Washington activities.

I believe that the future growth and continued success of our organization lies with regional chapters. These chapter can provide an outlet for the enjoyment of Souvenir Card collecting and the introduction and education of new collectors and hopefully future members. Towards this goal we have tried to allocate At Large Board positions to include representatives of the local chapters. It is my desire that these positions be designated by the local chapters with their selectees participating in the management of the national organization.

Currently the representative of the Metro Chapter is **John Jackson** and the Washington Chapter is represented by **Robert Waszilycsak**. I believe that this way the voice of the individual member can be heard and responded to. In the Florida area, **Steve Patrick** is our Board member. Also in the Southeast, **John Parker** has established a sister organization, the Currency and Engraving Society. I would be supportive of their membership in our Society as a local chapter. Do not hesitate to contact them to discuss or organize local participation at various philatelic and numismatic events.

Ed Kintop of Minnesota has been elected as one of the At Large Board of Directors. Ed and **Lee Quest** (Advertising Manager of the Journal) have been assigned the challenge of trying to organize a Midwest Chapter of the SCCS. The Washington and Metro Chapters are providing exciting and wonderful opportunities for our members to get together and enjoy the collecting of Souvenir Cards and related material. Hopefully, we can do the same thing in the heart of our country. I urge all interested members to contact Ed or Lee to help in this goal.

If we have a group of members on the West Coast who would like to form a chapter they should contact **Ken Barr** who has volunteered to help.

What many of these individuals have in common along with myself is that they are of the second generation of SCCS members. My membership number is 1032—there were over a thousand participants in this Society before I became involved. The responsibilities of running this organization are now ours. We have a difficult task in upholding that legacy passed to us by our founding fathers such as **Curt Radford**, **Ed Beers**, and **Chuck Teeman**. Curt is still on the Board as President Emeritus. Ed and Chuck are no longer on the Board, but I know we can count on

their continued valued participation in Society Activities. I have personally sent my thanks to each and I want to remind you all that their work and effort has brought the Society to its current position.

I want our Society to grow and prosper. But this will only be accomplished with the participation and support of the membership. We have a good organization with several dedicated members in various positions and we shall try to make the Society even better. Our Society exists to promote our hobby and your participation is the key to our future. I look forward to and welcome your suggestions and comments.

MEMBERS WRITE AND OTHER MATTERS

SCCS Membership

♦ It seems the BEP isn't the only one with spelling problems. In this column, last issue, I reported the letter in *Linn's* regarding the "lightening bolt." The closing line should have read "Shame on the BEP!" not "Same."

♦ On a similar note, my apologies to **Bank Note Reporter** for not including them in the index to advertisements in the last issue. For those of you who are not aware, this monthly paper has been a timely source for new card information that may be old (and too late) news by the time you read about it in this Journal. Worthwhile!

♦ **Larry Leyser** (SCCS 1547) sent along a copy of his memo to **Robert Waszilycsak** (SCCS 191) regarding SCCS Chapter No.1's limited edition cards, particularly the cards issued at NAPEX and MANA (see p.46, last issue of this Journal) which, I agree, were regrettably not printed in sufficient quantities and/or made available to the SCCS general membership by mail. The stated purpose of the card(s) was to get people to go to the shows, but it's not always possible.

♦ **Larry Leyser** (SCCS 1547) is attempting to compile a list of the portrait vignette cards produced by the BEP in the late 1800's and early 1900's. There are apparently hundreds of these and he is going to try to categorize them by type. He asks that any members who have such cards send him (18324 Newell Road, Shaker Heights, OH 44122) full information and, if possible, a photocopy. The results will be published in a future issue of this Journal.

♦ **Robin Ellis** (SCCS 120) notes that the latest issue of ABNCo's Engravings is "Volume III, Number 1." Checking with ABNCo's **Paul Schmid** (SCCS 1618), he verified that this is the fourth issue produced—there was NO "Volume II." If you are not receiving this informative newsletter, contact Paul at his address (see page 14 or 48).

♦ **Wesley Duran** (SCCS 123) sent in a copy of his letter to the BEP complaining about the use of the Elvis Presley commemorative on the Visitors' Center canceled IPMS card. He deplored the subject matter and that the "bright colors of the stamp detract markedly from the elegance and excellence of the card itself." [I assume the Presley stamp was used in connection with the Memphis location of the show, it certainly can't be that the BEP was trying to help the USPS dispose of the "remainder" of the stamp issue. My own feelings about the BEP cards for this past fiscal year is that they are trying too hard to be "arty" and are not succeeding—something about the shifting of the images right/left makes the cards look like errors. Oh well, "beauty is in the eye of the beholder."]

♦ **David Rose** (SCCS 1034) added his approval to my efforts including the cover. He also sent along a photocopy of his latest treasure—the FUN '93 intaglio (B 166) with the images upside down vis-a-vis the lettering "Bureau of Engraving and Printing!"

SOUVENIR CARD ERRATA

Donald W. Hitchcox (SCCS 2)

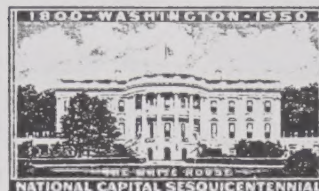

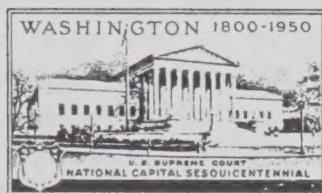

Examination of extensive stocks of B 11, NAPEX '71, show downward shifts of the green center vignette to be almost common in varying degrees. The card illustrated here (this page, cropped, below) shows this aberration of almost 2 mm.

Page 206 of our SCCS Numbering System book lists the B 23, COMPEX 1973, card thus: "Exists with the central Columbian vignettes shifted around in various positions inside the green box." A typical example of this is featured here (next page) with an up and left shift. Such a shift is

due to a slight misplacement of the card on the feeding board of the die-stamping press.

Finally, we show an interesting pair of the B 49 cards. On page 6, the main vignette has an up shift plus a left shift inside the ruled box of 1 mm to 2 mm. The bottom vignette is also up shifted about 2 mm. The other (page 7) shows blue ink starvation on the same two vignettes. Note the word FREEDOM where the letter F is almost gone and the letters FREE are barely distinguishable in the other.

BUREAU OF ENGRAVING AND PRINTING WASHINGTON, D.C.

This souvenir card devoted to a Washington, D. C. theme depicts the vignettes from three of the set of postage stamps issued in 1950, in honor of the Sesquicentennial Anniversary of the National Capital.

These vignettes are representative of the three branches of our Government. On the left, is a front view of the Supreme Court Building; in the center position, a southside view of the White House; and on the right, the Capitol from a northeast angle.

DEPARTMENT OF THE TREASURY
BUREAU OF ENGRAVING AND PRINTING
WASHINGTON, D.C.

The vignette depicted in this block of engravings was adapted from an original die of the \$5 denomination of the 1893 Columbian Series postage stamps. That group was issued in conjunction with the famous 1893 Chicago World's Columbian Exposition held in honor of the 400th anniversary of the discovery of America by Christopher Columbus. The \$5 value of the series is among the rarer United States philatelic items inasmuch as there were only some 27,000 of that specific stamp released.

The central feature of the stamp was a medallion profile head of Columbus and was copied from the 50-cent silver coin authorized by Congress as a souvenir to be sold in support of the Exposition.

The tint used here is that of an enlargement of the vignette, "Columbus in His Study," engraved in 1869 by Henry Gugler, a member of the Bureau of Engraving and Printing's original engraving staff. That vignette has three times been featured in the designs of United States currency notes.

COMBINED INTAGLIO AND OFFSET PRINTING

For over a century, intaglio printing has been the art form used to produce most of our nation's postage stamps. Multicolor stamps are a contemporary challenge which incorporate traditional steel engraving with offset printing. With intaglio (pronounced in-tal'yō) printing, incised lines form the image. Printing is accomplished when the press, creating great pressure, forces ink from these lines into the paper. Offset lithography is a flat surface printing technique. The image from an offset plate is transferred to a rubber blanket. This blanket provides the printing surface over which the paper contacts.

A designer, who is trained in the distinct requirements of postage stamps, renders the idea into artwork. The engraver takes this design and interprets it into a steel die by cutting lines of various shapes and depths. These unique three-dimensional lines can be identified by sight and touch.

Four separate dies were required to produce the design illustrated on this card. The master intaglio die forms the major portion of the design. Three colors can be printed simultaneously from this die by modern high-speed intaglio presses. The remaining three intaglio color dies are photographed to make the offset plates. Each of the offset images must be in precise registration to fit with the master die.

Many employees, who take great pride in their work, bring the skills and crafts of the various graphic arts together to create the brilliance and beauty of the finished product.

SOME INTERESTING FOREIGN CARDS

Clifford Joseph, M.D. (SCCS 1169)

Intaglio printed cards from foreign countries are not common. To name a few, Australia, Canada, Czechoslovakia and England have issued such cards. Recently however, Sweden has issued two items printed either in part or wholly by intaglio. The first item (below) may be familiar to those of you who collect Swedish booklets. Last October, Sweden (most of whose stamps are engraved) issued a booklet as a joint issue with the three other Baltic nations. If one ordered the complete set of four booklets from the Swedish postal authorities, they sent you a black intaglio-printed proof of the four stamps in the booklet. While not strictly speaking a "card," it is an attractive addition to a foreign collection.

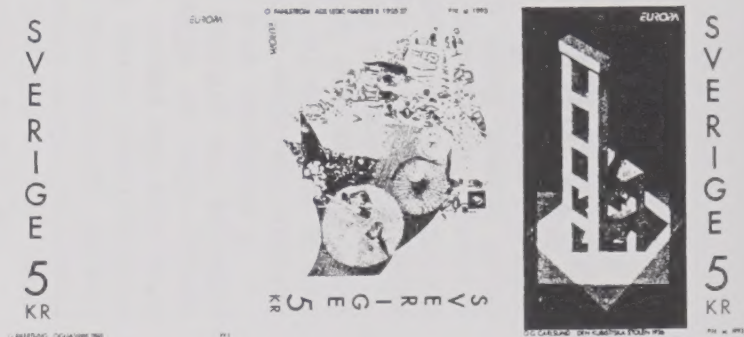

More recently, Sweden issued a booklet honoring three contemporary artists. The stamps are printed by a combination of offset and intaglio. In addition to the booklets, the Swedish postal authorities had available what they call, in Swedish, a *Sammlarfolder*, this one being the fourth such folder issued.

Mounted inside the folder are three progressive proofs in clear mounts: the first showing the color offset print, followed by the intaglio printed portion, and finally the finished product. Once again, a very attractive addition to a foreign collection (at right, reduced).

The third card I'd like to mention, while not intaglio printed, is an example of finding a card where you wouldn't ordinarily expect to do so. Last year while on a brief visit to Costa Rica, I visited the central post office in the capital city of San Jose. I know that many local post offices in the United States issue cards from time to time, but I never really expected to find one in Costa Rica, but here it is (below). As can be seen by the insignia and the legend on the card, it was issued for a conference held by the Rotary Club of San Jose. Not a great card, but an interesting find. Note that it is referred to not as a souvenir card but as a Commemorative Postal Card (*Tarjeta Postal Comemorativa*).

It is printed in blue and yellow on light weight card stock.

In summary, if you are at all interested in foreign cards, subscribe to the Swedish postal service bulletin. It's free as long as you make at least one purchase a year. Their address is: Sweden Post, Stamps, S-981 84 Kiruna, Sweden. They accept both Visa and Master Card in payment. AND, always keep your eyes open when you visit foreign countries. You never know what will turn up or where.

ROTARY CLUB DE SAN JOSE

The British Library is the national library of the United Kingdom. It was created in its present form [from] a number of existing bodies in 1973 following the previous year's Act of Parliament. The Library maintains a comprehensive collection of manuscripts and printed material providing a national center for reference, study, bibliographical and other information services for the sciences and humanities, as well as a document supply service for remote users.

The collections, which cover all subject areas and most written languages, comprise 18 million volumes of books and manuscripts, broadsheets, pamphlets, ephemera, book-bindings, scrolls, sound recordings, maps, newspapers, periodicals, reports, philatelic material, patents, prints, watercolors, photographs and illustrations.

One copy of every printed publication in the UK is required to be sent to the Library by legal right of copyright deposit. These copies are recorded and catalogued for the British National Bibliography. Other materials are bought, donated, loaned or acquired through international agreements.

The British Library Philatelic Collections are the National Philatelic Collections of the United Kingdom. The Collections, estimated to be over eight million items, include postage and revenue stamps, postal stationery, artwork, essays, proofs, covers and entires, "Cinderella" material, specimen issues, airmails, some postal

history materials, official and private posts, etc., for almost all countries and periods.

With such a diverse range of material, the Philatelic Collections, together with philatelic books, photographs, general reference material, maps, newspapers and official publications elsewhere in the Library, make The British Library one of the prime philatelic research centers.

The Library holds a major collection of philatelic literature covering every discipline of the subject, and this numbers over 20,000 volumes. Included in this holding is the Crawford Library, probably the most complete collection of philatelic literature covering the period 1861 to 1913, comprising approximately 4,500 volumes. All philatelic literature is available to researchers in the Reading Room. A Reader's Pass is required. (Application must be made in person—preparation takes up to 15 minutes—and two color passport-size photos are required.)

The present facilities occupy over a dozen buildings around London, however a new building is under construction at St Pancras.

More information, including a full-color brochure listing the hours of operation and telephone numbers may be obtained by writing: The British Library, Philatelic Collections, Great Russell Street, London WC1B 3DG. Telephone 071-323-7635/6 or Fax 071-323-7745.

THE CURRENCY & ENGRAVING SOCIETY

John A. Parker (SCCS 1546)

Founded 2 September 1991, The Currency & Engraving Society of Atlanta is an organization of collectors interested in steel-engraved plate printed fiscal documents—banknotes, checks, stocks, bonds, certificates, essays & proof specimens issued by private printers, U.S. and foreign governments.

Membership, \$20.00 for U.S. addresses, \$30.00 others (\$15.00/\$25.00 for ANA Members), includes a subscription to a quarterly newsletter with news of the hobby and upcoming events in the southeast. A 6" x 8" engraved membership card (opposite page) is included. Information can be obtained from the author at P.O. Box 20173, Atlanta, GA 30325.  

The **YVES BARIL STUDY GROUP** was started in late 1992 in honor of the Canadian portrait engraver, Yves Baril, who has engraved over 200 postage stamps (Canadian, US, UN, etc.), as well as numerous banknotes. Three quarterly journals have been issued to date. Membership is \$5 and you will receive an autographed Baril vignette as a bonus. Three (3) different Baril's engravings are available:

1) **Eagle Perched on Rock**—Baril's version of the eagle from the obverse of the US 1861 \$50 interest bearing note, which later appeared in an ABNC Annual Report and on the 1983 BALPEX spider proof. This eagle is at least as beautiful as the 1984 BEP eagle series.

2) **Mexican Bridge Scene**—a proposed design or essay for the reverse of the 1969 five peso banknote.

3) **Cargo on the Levee**—a vignette. [All designs illustrated full size in SCJ, Vol. 13, No. 1, p. 24.]

A security printer, Borman Engraving of Cincinnati, printed (in black) 2,500 of each on a hand fed intaglio press and 1,000 sets of five (blue, brown, green, purple & red) color proofs of each—all printed on 8"x6" acid-free stock.

Black prints are \$5 each; five color proof sets are \$25 per set; set of 3 autographed, black prints (limited time only) are \$15 per set; set of 3 canceled 4 December 1992 (the official first day of the Study Group) franked with Baril's 35¢ Chavez stamp are \$16.05 per set. Please add \$1 per order for postage.

JOHN BAUGHMAN DENUNE (SCCS 1074), 234 East Broadway, Granville, OH 43023. (614)587-0276.

CHAPTER NEWS

WASHINGTON (Chapter 1)
Robert J. Hallett (SCCS 1466)

We have just finished our scheduled summer program of shows in which we participated. We started with NAPEX (June), followed by ANA (July), MANA (August), and ended with BALPEX (September). [NAPEX meeting report SCJ 13:2, p. 46; ANA on following pages.]

During ANA, I had the pleasure of meeting Larry Felix, the new BEP manager of marketing. Larry is in the process of creating a public advisory committee to the BEP, which would review and suggest improvements to upcoming promotions being considered by the Bureau. I accepted Larry's invitation to participate as a member of this committee.

At MANA, Burnette Anderson, Washington Bureau representative for Krause Publications (Bank Note Reporter), attended our meeting. He commented that as a Society we have become most visible during the past several years and BNR is responsive to articles relevant to our activities. We held a round table discussion with all members in attendance concerning—"What improvements should Chapter 1 implement for next year's program?" One idea that will be implemented is that we will sponsor a souvenir card swap meeting. It will be held on the 4th or 11th of December. A notice of the final date will be sent to Chapter 1 and Chapter 4 members. We are still checking for conflicts with "key" football games which may also be scheduled for the same date! The American Legion Hall in Wheaton, Maryland, located a couple of miles north of the Silver Spring exit on the Washington Beltway is being considered. There will be free tables for those collectors wishing to participate in this function. The only requirement will be that each participant must have paid his SCCS dues.

At BALPEX, Gary Chaconas, BEP engraver, was our speaker and described the engraving process from idea to the hardening of the final plate.

Our souvenir card program consisted of a meeting card [see SCJ 13:1, p.23] with the host exhibition name overprinted on the card, and a special McKinley portrait card [see SCJ 13:2, p.46] without show identification, but in different colors. One of each was prepared for NAPEX,

MANA, and BALPEX, with the McKinley cards in black, blue, and green respectively. [No cards were prepared for the ANA show as the national SCCS issued two cards there.]

There have been letters sent to Art Benjamin, [Bill Kriebel], Bob Waszilycsak and myself concerning the availability of these issues. These cards were initiated solely as an incentive for local members to attend our meetings and participate in our local chapter. We do not desire nor have we the resources to become a souvenir card distributor. If you desire these cards, I suggest: (1) Attend the meetings; or (2) write to a member of Local 1, discuss mutual interests and appropriate trades which would be of interest to both. The purpose of any society is one of encouraging its members to communicate with each other. Try it! The policy adopted by Chapter 1 concerning the availability of these cards is consistent with those of the BEP and ABNCo concerning the distribution of their "Hand-Pulled Proof" cards. The only difference is that if you attend a Chapter 1 meeting, you will receive a card and it will be free!

Now some fun: "Unidentified BEP Engravings." Starting here and in future issues of this Journal, are eighteen men who have had their portraits engraved by the BEP. However, for some reason their identity was not inscribed. Six men were military and the other twelve were politicians. The engravings were issued as Portrait Vignette cards, not cut out of any Memorial Address or specimen books. The origin and identity of these vignettes will be validated at BEP Archives. A prize to the first member who can name all 18!

METRO (Chapter 4)

The next Chapter meeting will be at the ASDA MEGA Show at Madison Square Garden, New York City, 11:00 am, Saturday, 30 October 1993.

All went well for the Society's participation in the 102nd Anniversary Convention of the American Numismatic Association. Our booth was located, slightly offset, behind ABNCo at an active corner. Many members met and chatted, made deals/trades—periodically breaking for the BEP "card raffle"—and then regrouped at the latest Annual General Membership Meeting.

The meeting attracted about 40 members who heard opening remarks from Convention Chairman, **William A. Lenz, Jr.**, who presented the Society with a certificate of "Appreciation" from the ANA. He indicated that show attendance through Friday was recorded as 10,800 visitors. Our presentation—a framed pair of the two SCCS cards produced for the show—to ANA Executive Director, **Roberet J. Leuver** (whom I and others had the pleasure of meeting earlier), was postponed as he was not then available.

We were brought up-to-date by **Paul Schmid**, representing the ABNCo, who outlined plans for next year which will include 12 cards: six stamp, five numismatic, and one "eagle" hologram. Paul also indicated that the "surprise" card to be released at the ASDA-Mega show will have a "Christmas theme," believed to be a Santa Claus vignette. They will also be marketing a framed-only stock certificate with a St. Nicholas theme. [Cards and shows are noted in the up-dated listing at the back of this issue.]

The BEP was delightfully represented by their spokesperson and raffler, **Mary Halsall**, and her colleague, **Norma Opgrand**, BEP Public Relations Director. The BEP is working on a theme of "unfinished masterpieces" and most members have probably received their FY 94 list in the mail [reproduced in this issue (p.12) and

also included in the up-dated listing]. There is talk of a card for their recognition of "100 years of the BEP printing stamps for the USPS."

Two recommendations to the BEP came from the membership: (1) that consideration be given to the possibility of ordering the limited edition cards by subscription also—separate, but at the same time as the mint and/or visitor center canceled cards, and (2) the possibility of using USPS show cancels as an alternate or in addition to the visitor center cancels. It was noted that some shows do not have USPS cancels available. [There is also a problem with the forthcoming card for Maastricht as there will be no USPS representation at this numismatic show.]

General business followed with a discussion of the current status of the Society, Treasurer's Report (included herein), the report of the nominating committee, request for nominations from the floor, discussion and elections to the Board with the following results: President Emeritus: **Curtis D. Radford, M.D.**; President: **Arthur Benjamin**; Vice President and Show Chairman (new office): **John A. Parker**; Secretary: **Dana M. Marr**; Treasurer: **Arthur Benjamin** (until a suitable replacement can be found to relieve him); Memembers-at-Large: **John W. Jackson**, **Colonel E. J. (Ed) Kintop (Ret.)**, **A. Stephen Patrick**, and **Robert Wasilycsak**; and yours truly will continue as Journal Editor. [All these names (with addresses and telephone numbers are reflected in the masthead (p.1).]

Some of those present got together after the show for a "banquet" at a local restaurant. A good time was had by all. (More pictures on next page—all thanks to Ed Kintop!)

The First Quarter 1993 auction was quite successful, with the highlights being the mint "Bee" card selling for \$950 and the APS 1992 serial #1 hand-pulled proof realizing \$550. Over \$900 in donations/commissions resulted from this sale. The Second Quarter 1993 auction is still in process as this list is being prepared, so the recap/report will be deferred until the next issue — it appears to be a "slow summer sale" at present, however. This current auction is a mixture of new and "recycled" lots, with a interesting item or two scattered among the normal offerings. The last 1992 serial #1 ABNCo hand-pulled proof sold in the last sale, and the first 1993 hand-pulled offering has not yet been produced, so there is no ABNCo. proof in this sale. Still, I'm sure there is something of interest to most collectors in this auction.

Please check the enclosed listing carefully, as there are again plenty of potential bargains! I've again included many lots in which the consignors specified **no reserve other than our usual \$5 per lot minimum**. A little effort (and some luck) may add some \$10-\$125 items to your collection for a fraction of that price.

AUCTION BIDDING RULES

1. MAIL BID CLOSING DATE: BIDS MUST BE RECEIVED BY THE AUCTION MANAGER NO LATER THAN **27 DECEMBER 1993**. Sorry, but packages will not be mailed until after the Christmas rush!

2. Send all bids and auction correspondence to the Auction Manager: Ken Barr, P. O. Box 32541, San Jose, CA 95152. Telephone inquiries may be made until 10:00 PM Pacific time at 408-272-3247.

3. Bid by lot number only. Multiple item lots will not be broken. The earliest postmark will decide tie bids.

4. Bid processing will be done manually, at least initially, so special instructions can be given. "OR" bids ("bid \$10 on lot 101 OR 102, one lot only") are acceptable, as well as "maximum expenditure" limits ("please limit total winning bids to \$100 maximum"). Feel free to bid on any

lots desired with the security that your winnings will be limited to the amount specified.

5. All items will be sold to the highest bidder. Bid reductions will generally not be made unless noted on special high-value lots.

6. Please observe a minimum bid of \$5 per lot. Some lots have higher minimums, denoted as MB \$xx in the lot description. Estimates (EV \$xx) are for information only, and have either been provided by the consignor, the current SCCS catalog, or the Auction Manager.

7. Lots will be shipped via insured U. S. Mail unless otherwise requested. Postage and insurance charges will be included in the bidder's invoice.

8. Successful bidders are to remit payment in full in U. S. funds within five days of receipt of their invoice. Late payments may disqualify the bidder from participation in future auctions.

9. Returns are acceptable within ten days of receipt of shipment. Please specify reason for return (damage, mis-attribution, etc.). Mistakes on bidder's part are not sufficient reason for return.

10. The Auction Manager reserves the right to withdraw any lot and to reject any unrealistic bids. Consignors are responsible for establishing any minimum bids that they wish to impose on lots submitted.

11. A "Prices Realized" list will be available shortly after the closing of the auction. Successful bidders and consignors will receive copies with their invoice or materials shipped. Others may request same by submitting a self-addressed stamped envelope to the Auction Manager.

12. Members wishing consignment information should write to the Auction Manager for details.

REMEMBER: BIDS MUST BE RECEIVED BY THE AUCTION MANAGER NO LATER THAN

27 DECEMBER 1993

SUMMARY OF RESULTS

Twenty-two bidders submitted a total of 203 bids on 125 different lots. All but one bidder won at least one lot, with most winning on most of their bids. Due to multiple piece availability on many of the lots, several duplicate lots were awarded, all at the lowest accepted bid. This resulted in bid reductions of up to \$ 4.00 per lot for some bidders.

The most popular lot was (surprisingly) lot #173, a mint SO 30, receiving seven bids ranging from \$6.10 to \$7.25. With only one available, there are undoubtedly six disappointed underbidders! The serial #1 handpulled A. P. S. 1992 proof sold for \$550 to the same buyer as the previous #1 proof. Thanks again to the American Bank Note Company and Paul W. Schmid for this

excellent donation to the society. Another highlight was lot 213, the mint "Bee" card, which realized \$950.

Several cards did not sell at their minimum bids, or the \$5.00 auction minimum if not specified. These lots are now available FIRST COME, FIRST SERVED at the specified minimum in case you overlooked them during the bidding. Several bargains remain in these lots!

Gross proceeds for this sale were \$4,192.18, resulting in a net profit to the Society of over \$900 in commissions and donations.

Thanks to all the consignors and bidders for their participation in this sale. ...

WILLIAM McKINLEY MEMORIAL CARD

John Denune (SCCS 1074)

I recently went to Canton, OH to study the minutes of The William McKinley Memorial Association which issued FSO 1902 A. An article is forthcoming which will include many details on the production and distribution of this classic card, but since the SCCS Souvenir Card Catalog lists the quantity printed as "unknown," I thought this should be reported at once. Five hundred thousand—that's right, 500,000!—cards were printed on paper and an additional

5,000 on parchment. The parchment version seems to be unknown to collectors, as it is not listed. This is a large printing considering that I have never seen one offered for sale. This card was lithographed from an intaglio engraving prepared by Tiffany in 1902, presumably to improve the quality of the lithograph and save money on printing. What a shame that they could not all have been intaglio engraved.

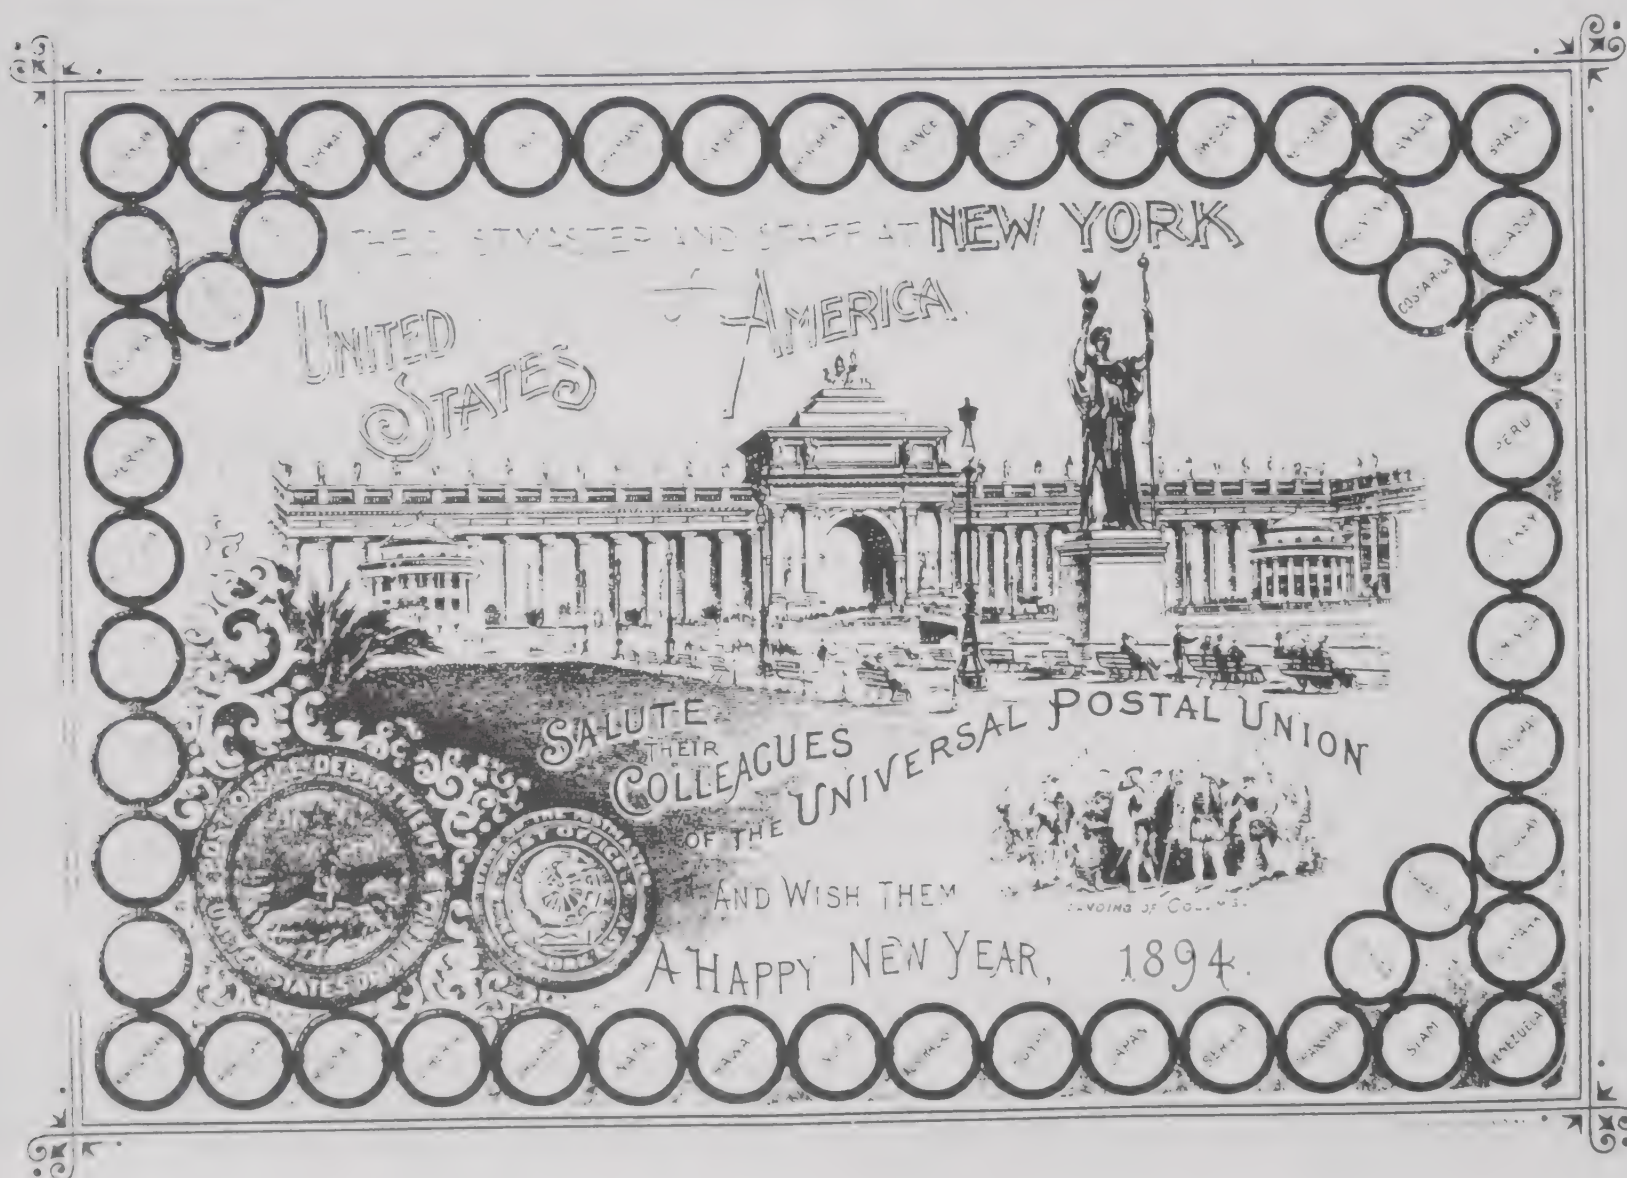

[SCCS President Emeritus Curtis D. Radford, M.D. wrote a fine cover story "The History of Show-Canceled Souvenir Cards" for the June 1993 issue of *The American Philatelist*, monthly publication of the American Philatelic Society. In response to that article he received a letter from "a collector of the World's Columbian Exposition of 1893." Dr. Radford forwarded a copy of the letter and its enclosure on for the information of the membership. The text which follows is a condensation of that letter. If anyone has any additional information on this or similar cards, they are requested to write the editor. Ed.]

According to the definition that "souvenir cards are not postally valid, not meant for mailing, and are strictly souvenirs of a particular event," the illustrated card might qualify as an early souvenir card.

This ornate, bronze-coated card (7.75" x 5.5"), printed on heavy stock (below) shows a view of the Peristyle and, on the right, the statue of the Republic in the Grand Court at the World's Columbian Exposition. At the lower right is the vignette, "Landing of Columbus" in magenta as used on the 2¢ Columbian stamp.

The card was jointly issued by the United States Post Office and the New York City Post Office (seals lower left) to "Salute their colleagues of the Universal Postal Union and wish them a Happy New Year, 1894." The reverse (opposite page) includes a listing of the New York postal officials. This is the only one of these I have seen. Any information about this card would be greatly appreciated.

AN INTERESTING FORT WORTH CARD

[Frank Clark (SCCS 264)]

The illustrated card (opposite page) issued for the 1987 Dedication of the Western Facility of the Bureau of Engraving and Printing (B 104) was autographed in April 1990 at the Facility Acceptance Ceremony in Fort Worth.

The penned signatures left-to-right are as follows: Catalina Vasquez Villalpando, Treasurer of the United States; Jim Wright, former Speaker of the House of Representatives;

Peter Dalz, Director of the Bureau of Engraving and Printing; Bob Bolen, Mayor of Fort Worth; and, within the note on the line "President," Phil Gromm, U.S. Senator.

Mr. Gromm deliberately signed on the bank president's signature line. While signing he said, "You never know, I might just run for President one day!" ➡ ➡ ➡ ➡

TREASURER'S REPORT

This report covers the period of time from July 1, 1992 to June 30, 1993. Our funds this year are from the traditional sources being our members dues, sale of back issues of the journal and catalogue and our auction revenue. Our auction monies have increased substantially due to the significant bids that we receive on the donated spider press proof from the American Bank Note Company as well as the sale of some special items from the Plate Printers Union.

Our expenses are generally the same with the cost of publishing the Journal being our most significant expense. In addition the cost of preparing and distributing our members only annual card is a significant item.

The second page of this report generated from my computer records details our income and expenses. As you can see our income exceeded expenses by \$414.84 and this was due to the anomalies discussed above. Without the significant extra auction income we would have had a substantial deficit. However I feel that we can continue the same level of service to our membership for the coming year as long as we maintain a dues paying membership of 450-500 participants. This requires active solicitation of new members at shows and other opportunities including the publicity we get from American Bank Note as well as the sale of Union Printed SCCS cards.

However it is imperative that each member try to find new members for our Society.

INTAGLIO CARD AVAILABLE FOR ANNIVERSARY OF ALPHA KAPPA PSI

The card shown below is another in an increasing number of privately originated intaglio souvenir cards—in this case, a fund-raiser for a professional business fraternity—with handsome vignettes (the seated lady "education" image was also used on the MANA card of October 1992 (see listing of available cards at

the back of this Journal). The 10" x 8.5" card (graphics at full-size below) is on buff-colored smooth stock (the "lady" in blue, the Liberty Bell in brown) and is available through John A. Parker (SCCS 1546), P.O. Box 20173, Atlanta, GA 30325, (404) 351-7960, for \$6.00 postpaid.

Alpha Kappa Psi Professional Business Fraternity

Alpha Kappa Psi Fraternity is pleased to present this souvenir card in honor of its Forty-seventh Anniversary Convention. Originally engraved early in the Twentieth Century by master engravers, these beautifully engraved vignettes embody the time-honored ideals of education and freedom. The allegorical figure represents education and the Liberty Bell represents the liberty of the United States of America.

47th Anniversary Convention

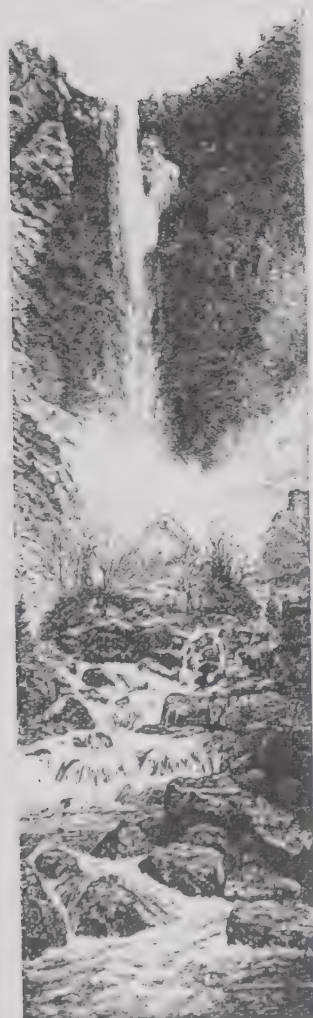

Nashville, Tennessee

August 18-21, 1993

With the exception of the card below—a full-size reproduction (vignette portion) of a photocopy received from David Rose (SCCS 1034) showing his latest treasure (see page 3) with the upside-down BEP lettering—all of the items shown here (1993 cards) are reduced to about 30% of their original size. I have attempted to simulate a catalog-type format within the range of information on-hand, therefore, some information like quantities printed and/or sold are NOT included. Initial (mail) prices may be found in the listing at the

back of this issue. Several of these cards have been previously illustrated in these pages, but not in this format. Some members who, for whatever reason, don't get all the cards produced—and it is becoming more and more difficult, both physically and financially—have appreciated seeing the cards that, at least initially, they have missed. I will continue to reproduce copies of the cards that are available to me as space permits. Why not share your treasures, especially the forerunners? I would appreciate your comments and corrections.

INTAGLIO CARDS AVAILABLE AND/OR FORTHCOMING

This listing will appear here at the end of every issue with a two-fold purpose: (1) informing the membership, and (2) serving as an up-dating of the SCCS numbering system. Numbers are shown in "()" until they are confirmed, and such confirmed cards will be deleted from this list after they are no longer available ("NA") from the sources indicated herein (p. 48). (Note: Some older ABNCo cards are still available (see p. 14), but have been removed from this list because many are in "limited quantities.") The list is as complete as possible with the information at hand, and no responsibility is taken if the material listed is no longer available or has changed in price, etc. Anyone who can supply missing ("??") information, please contact the Editor. I would especially like to hear from the "sources" when their material is forthcoming and/or no longer available. I appreciate all input to this listing and Journal.

Notes:

- (1) Include No. 6, 29¢SAE, see Souvenir Card Journal (SCJ), No. 13:2, p. 45.
- (2) This is a "generic" card, see SCJ, No. 13:1, p. 23. Also, see p. 22 of this issue on Chapter 1 cards.
- (3) See SCJ, No. 13:2, p. 43.
- (4) See announcement, this issue, p. 41.
- (5) The MANA card was available at the ANA show, therefore earlier cancels may exist.
- (6) BEP cards cost less in person at the Visitor Center. Cards by mail should be ordered NO SOONER than TWO WEEKS BEFORE the issue date.
- (7) The subscription service for the new Fiscal Year (FY 1994) cards, see p. 12 of this issue, does NOT include the ASDA 93 card but does include the ASDA 94 card (which may indicate a change to a calendar year base for the card sales). The eight cards (marked with a * in the "COST" column) are \$42.00 mint, \$44.40 p.o.c., until 31 December 1993. "The ASDA 1993...will be offered separately."
- (8) ABNCo's schedule was informally announced at ANA (see p. 23 of this issue). Exact dates and subjects, including any limited editions (press demonstrations), will be confirmed later.
- (9) I was under the impression that these cards were "NA," however, they were being displayed and sold (?) at ANA. I have not yet been able to confirm their availability and price with ABNCo.

A color reproduction (full-size) of an ABNCo collage forms the inside of a folded, *Folha Comemorativa* (Brazilian Souvenir Card) which was issued for the Second National Philatelic Exposition in São Paulo on 3 September 1952. The cover of the card, in addition to writing (in Portuguese) and São Paulo's coat-of-arms, bears a tied canceled copy of the stamp issued for the event (Scott No. 727) which features a portrait of Emperor Dom Pedro.
